General Information:

- 1. We have been asked by composer Robert Sheldon to serve as a demonstration group to perform a couple of his new compositions for band. It is an honor that he thinks enough of our wind ensemble to ask us to do this, so please treat it as such.**
- 2. Please make sure you have eaten a healthy meal prior to arriving at school that morning, as there will not be any time for lunch prior to our performance.**
- 3. Your parents are welcome to attend the clinic (It will last approximately 50 minutes to an hour).**
- 4. Here are the details:
-Clinic (“The Music of Robert Sheldon”) begins promptly at 11:30 am in the Wabash Ballroom.
-We have plenty of free passes for parents and family members. (See Mr. Greenwell or Mr. James in advance for these... please, no crying babies or children... this is an educational clinic for music educators and professionals, as well as parents.)**
